# PROJECT GLIMPSES

Paschim Gabtala Mukti Kishalaya Support School began in a small hut with a bamboo barrier, where students gathered to learn despite the challenges. This humble start was transformed through the generous support of Agomoni.

Today, the school operates from a proper structure with brick walls, an asbestos roof, and toilet facilities, ensuring a safer and more comfortable learning environment, especially during the rainy season. This transformation has only been possible because of Agomoni's unwavering commitment to education. Mukti is deeply grateful for her support in shaping a brighter future for these children.

## STUDENT ACTIVITIES

### Real stories of joy and growth from our school community

IN 2022

PRESENT

Rani Naskar, daughter of Robin Naskar, hails from Paschim Gabtala village under Kultali block in South 24 Parganas. She is a bright student who recently passed Standard IV and secured admission to a better school for Standard V. Since 2022, when she was in Standard II, she has been attending Paschim Gabtala Mukti Kishalaya Support School. Coming from a very poor family, Rani lacked access to proper educational guidance. Rani and her family are immensely grateful to Agomoni for providing such a wonderful opportunity for underprivileged children like her.

# PARENT CORNER

## REGULAR PARENT- TEACHER MEETING

We regularly conduct parent-teacher meetings to ensure clear communication, transparency, and a shared understanding between parents and teachers regarding the students' progress and needs.

## ENCOURAGE LEARNERS

We encourage all first-generation learners to pursue primary education, provides guidance and support to disadvantaged children after the pandemic era, ensuring they can continue their education at a nominal fee.

# EDUCATIONAL INSIGHTS

## CENTER ESTABLISHMENT

Till now we have 37 centers

## NO. TEACHERS

We have total 12 teachers in our all MKSS

## STUDENTS ENROLMENT

Student enrolment has increased to 1330

## TEACHER'S TRAINING

We have successfully arranged 20 teacher's training

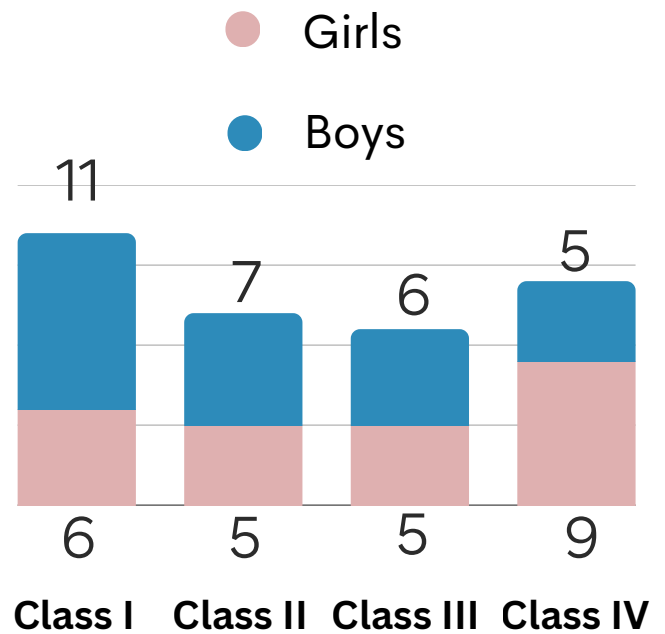

# Educational Progress

PASCHIM GABTALA MUKTI KISHALAYA SUPPORT SCHOOL

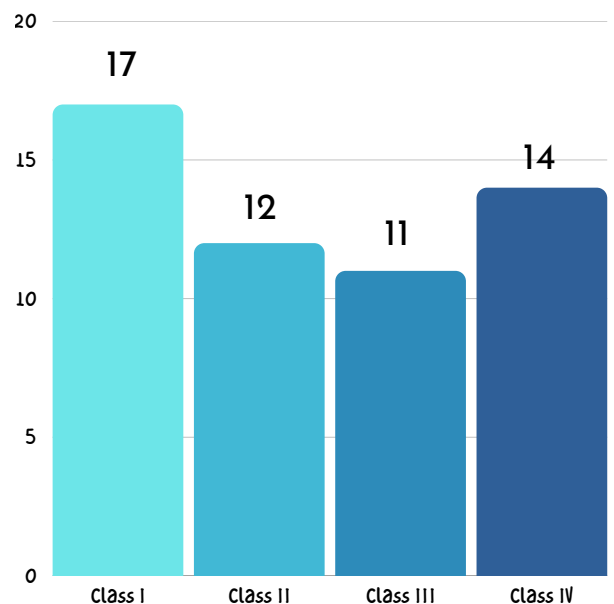

## Total Strength

## Class wise Student Ratio

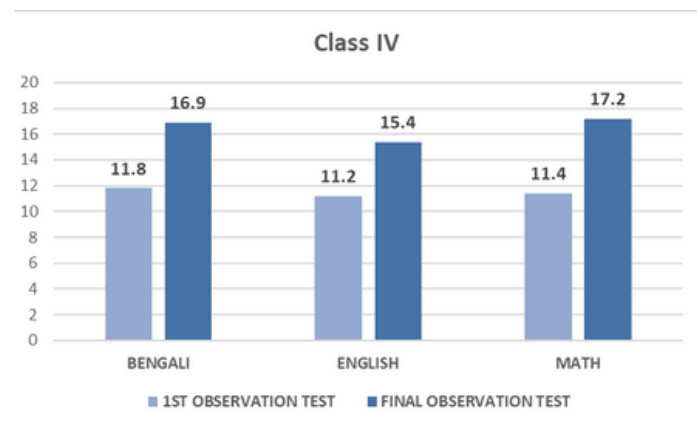

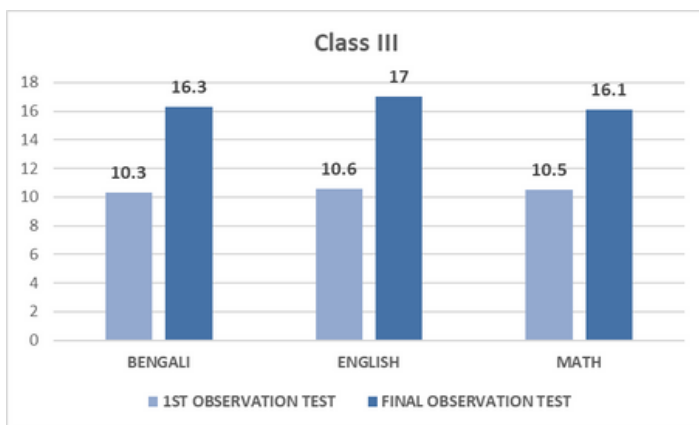

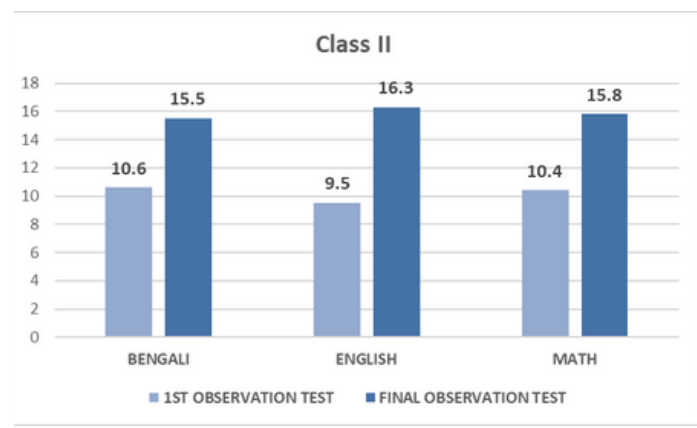

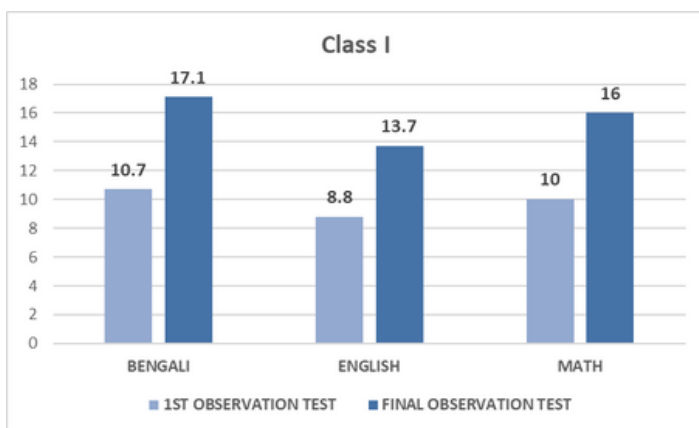

## VISUAL REPRESENTATION OF STUDENT ENROLMENT

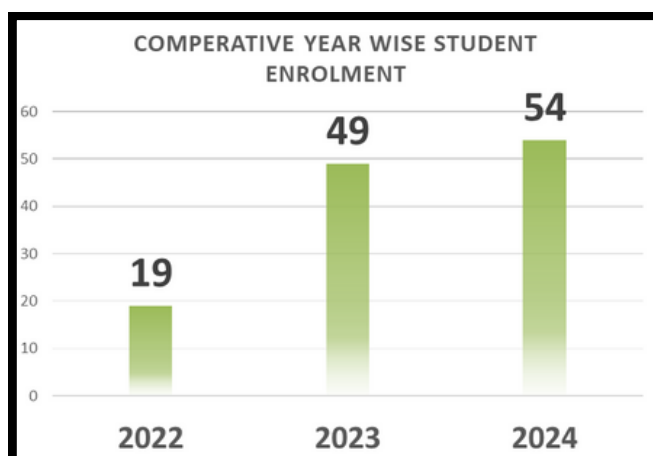

# SUBJECT WISE PROGRESS REPORT

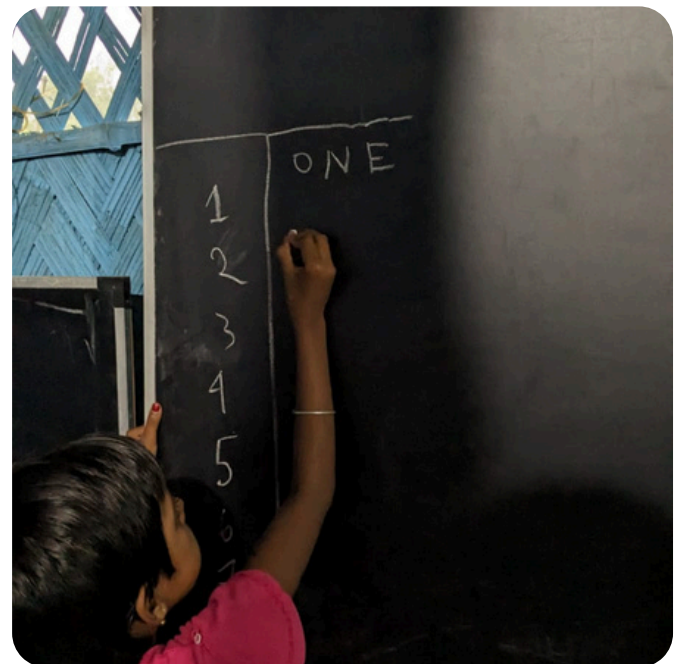

The performance across subjects shows significant improvement. In Class I, average scores increased notably from the 1st Unit Test to the 2nd Unit Test, with remarkable progress observed in Bengali, English and Mathematics. Similarly, Class II demonstrated substantial improvement across all subjects. Class III achieved impressive scores, showcasing commendable academic growth. In Class IV, there has been remarkable overall progress. This positive trend highlights encouraging development while also indicating opportunities for targeted interventions to ensure sustained improvement.

The bar chart "Comparative Year-Wise Student Enrollment" shows a steady rise in enrollment from 19 students in 2022 to 49 in 2023 and 54 in 2024, highlighting the growing impact of the educational initiative.
